Improvements at the Club

Always striving to keep the club in good physical repair and functionality, the new carpeting of the lower lounge is completed and members are reminded to clean and remove outside footwear at the entrance. This practice will see our investment of the new carpet tiles last longer and keep our rink cleaner. In the kitchen, a new hot water tank and faucet has been installed to better-manage preparation and clean-up of food and meals. Also, the ice committee had a water filtration system installed at the start of the season which is doing its job of creating better ice for our members. Finally, with the new carpet installation came a discovery of repairs required to the south wall in the locker room off the lower lounge — in progress.

Christmas Doubles Drop-in

Members wishing to participate in a doubles drop-in on Saturday December 28, 10 am - 4 pm, contact Bernard@penneyandcompany.com • 705 494 7142

Mixed League Christmas Social

Wednesday December 18: Pot Luck Social
All mixed league members welcome. 7 pm start

Curling Equipment

You can order any curling equipment you need (or wish to give) through the club.

An order will be sent to GOLDLINE in the new year, so be sure to check out the wholesale price list and complete the order form — both are available in the lower lounge... or contact Cyndy for more information.

Many members are now using **protective headgear** — leading the way to safer curling.

You can also purchase your safety headgear through our bulk buy in January!
