Hurry!!! Don't be left out of the fun!

Volunteer(s) still needed!

The club is still seeking a volunteer or two to assist with the **occasional rental of the curling facility**. Duties include prior inspection of the area being rented at the club, **perform any cleaning required, and cleaning after the rental**.

Rental bookings, scheduling, invoicing, and payment collection are not necessarily a part of the duties, but would be an asset if these functions were incorporated into this volunteer position. Please contact Club President Bernard Penney if you, or a group, would like to assume this role. Call: 705 494 7142 or email: President@powassancurlingclub.ca

SPARES

The following three **new members** could not commit to a team this draw, but are available to curl as spares. You can reach Sean Coleman, Clayton Rochon, and Jessica Rochon at **705 845 5356**.

new club program community memberships

Your Executive has created five memberships that are available to Powassan youth who would like to participate in curling but cannot due to financial barriers. As a community facility, we see the importance of exposing and including our young citizens to our club's community and the sport of curling.

This new program offers membership at no charge to our youth, and is based solely on the recommendation of a club member(s). Due to the sensitivity of this program, details of offering a community membership is between the club sponsor and the individual accepting.

Contact President Bernard Penney if you would like to **suggest a YOUTH community membership.**

welcome to our 21 junior curlers

The Junior Program is up and running, and always accepting new curlers. The Fall Session is underway and a Winter Session will begin in the new year.

The program has purchased some new equipment and accessories for our up-and-coming curlers.

Men's League ... heads-up

Although the men's league won't officially start until "after hunting season", this should not deter any non-hunter/male curlers from assembling at the club on Thursday nights to hone their curling skills.

If enough come out, there could be some friendly competition and conditioning for the post-hunting draw! **Last week the four members who attended enjoyed scotch doubles...** or was it double scotches?

You *should* notice the flat screen in the main lounge. The convenience of satellite reception will bring live competitions to the lower level – as well, will cycle through curling club announcements regarding draws, bonspiels, and other need-to-know information for our membership.

Articles or photos for up-coming newsletters or the web site can be sent to President@powassancurlingclub.ca
